PROFESSIONAL SUMMARY

CompTIA Security+ certified professional and cybersecurity Associates candidate with a strong technical foundation in defense-in-depth strategies, network security, and system administration. Proven ability in analytical problem-solving and root-cause analysis within high-stakes environments and knowledge in Salesforce AgentForce. Committed to leveraging hands-on experience in vulnerability assessment and network hardening to protect organizational assets.

TECHNICAL SKILLS

- **Operating Systems:** Windows, Linux (Ubuntu/Debian)
- **Security Tools:** Kali Linux, Wireshark, Metasploit, BitLocker, SIEM Platforms
- **Networking:** TCP/IP, DNS, DHCP, Firewalls, VPNs, VLAN Architecture
- **programming:** mySQL, python, java
- **Core Competencies:** System Administration, Active Directory, Group Policy Management (GPO), Ethical Hacking, Social Engineering

CERTIFICATIONS

- **CompTIA Security+ (SY0-701)** | Issued 2025 | ID: V20PNFKYRF1EQYSH
- **AWS Cloud Foundations** | Issued 2025

CYBERSECURITY PROJECTS

Cybersecurity Infrastructure & Penetration Testing | NJIT | 2024

- Executed penetration tests on simulated enterprise networks using Kali Linux and Metasploit to identify and document vulnerabilities.
- Hardened endpoint security by configuring Windows Group Policies (GPOs) and implementing Firewalls/VPNs to maintain a defense-in-depth posture.

Networking Infrastructure Lab | NJIT | 2024

- Designed a multi-VLAN network architecture using Cisco routers and switches to segment traffic and enhance security.
- Configured core networking protocols including DNS, DHCP, and TCP/IP to ensure stable and secure connectivity.

PROFESSIONAL EXPERIENCE

ProtoSport | Whippany, NJ *Automotive Technician* | 2022/07 – 2025/11

- Managed and maintained high-performance assets valued at over \$1M.
- Utilized advanced diagnostic tools and structured documentation to perform complex system troubleshooting and repairs.
- Applied analytical problem-solving to resolve technical failures in high-pressure environments.

EDUCATION

- **Associate of Applied Science in Cybersecurity** | County College of Morris | (2025–Present)
- **Cybersecurity Professional Certificate** | New Jersey Institute of Technology | (2024)
